### **Introduction of Voice over Long-Term Evolution**

The Authority approved the introduction of the Voice over Long-Term Evolution for Mascom. The introduction of the VoLTE based on Single Radio Voice Call Connectivity will enable handover between 4G and 2G/3G networks without disconnecting the call where 4G coverage is poor. Subscribers will register for on the IMS network in order to access the service. Additionally, calls will be charged at normal voice calls using normal call tariffs defined for 2G/3G.
