- Value Added Network Service (VANS) only charge for the internet and other value added services while BTC bills the customer directly for the access charge and the telephone line rental.
- VANS provide other services and fixed wireless internet solutions which are not part of the above presentation.
- The above charges have not included the BTC telephone line rental which is normally required for connection to ADSL. The telephone line rental charges are P75.00 for residential line and P125.00 for business line.
- There maybe additional charges for modem rental or purchase that has not been reflected above.
- Save for inclusion of information on ADSL Access Charges by BTC, the BOCRA has ensured that information submitted by VANS for publishing is not altered.
- For further information on other services and Terms and Conditions of Services please contact the respective service providers.
- The tariff information is also available in the BOCRA website (www.bocra.org.bw)
- Source for all of the above is BOCRA.
